

TYPE 1 PERMIT: \$100.00

- Bonfires
- The use of a torch or flame producing device to remove paint from, or seal membrane roofs on, any roof or structure
- Tents and temporary tensioned membrane structures without appurtenance
- The use of any open flame or flame-producing device in connection with any public gathering
- Welding or cutting operations except where the work is performed in an approved area and is covered by a Type B life hazard use
- The possession or use of explosives or blasting agents other than model rocketry engines
- The use of any open flame-producing device in connection with training of non-fire service personnel
- The occasional use in any building of a multipurpose room, with a maximum permitted occupancy of 100 or more for amusement, entertainment or mercantile type purposes
- The storage or handling of Class 1 flammable liquids in closed containers of aggregate amounts of more than 10 gallons but not more than 660 gallons inside a building, or more than 60 gallons but not more than 660 gallons outside a building
- The storage or handling of Class II or IIIA combustible liquids on closed containers of aggregate amounts of more than 25 gallons but not more than 660 gallons inside a building or more than 60 gallons but not more than 660 gallons outside a building
- Any permanent cooking operation that requires a suppression system in accordance with N.J.A.C. 5:70-4.7(g) and is not defined as a life hazard use in accordance with N.J.A.C. 5:70-2.4
- The use as a place of public assembly, for a total of not more than 15 days in a calendar year, of a building classified as a commercial farm building under the Uniform Construction Code.

- The temporary use of any building or portion thereof as a special amusement building for a total of not more than 15 days in a calendar year.
 - 1) Use of a building or portion thereof as a special amusement building for a longer period shall require the issuance of a certificate of occupancy, pursuant to the Uniform Construction Code (N.J.A.C. 5:23), for the new use.
 - 2) Permits issued pursuant to this section shall require compliance with the requirements for special amusement buildings at N.J.A.C. 5:70-4.16.

- The erection, operation, or maintenance of any tent, tensioned membrane structure, or canopy, excluding those used for recreational camping purposes, that meets the criteria in (a)3xv(1) or (2) below shall require a Type 1 permit. Tents, tensioned membrane structures, or canopies greater than 16,800 square feet in area and greater than 140 feet in any dimension, whether one unit or composed of multiple units; remaining in place for more than 180 days; used or occupied between December 1 and March 31; having a permanent anchoring system or foundation; or containing platforms or bleachers greater than 11 feet in height shall be subject to the permitting requirements of the Uniform Construction Code (N.J.A.C. 5:23-2.14).
 - 1) The tent, tensioned membrane structure, or canopy is greater than 900 square feet and more than 30 feet in any dimension whether it is one unit or composed of multiple units, but 16,800 square feet or less in area and 140 feet or less in any dimension, whether it is one unit or composed of multiple units.
 - 2) The tent, tensioned membrane structure, or canopy contains platforms or bleachers 11 feet or less in height.

- The erection, operation, or maintenance of any outdoor combustible maze shall require a Type 1 permit if the outdoor combustible maze is less than six feet in height and does not contain electrical equipment. Outdoor combustible mazes that are six feet or greater in height or contain electrical equipment shall be subject to the permitting requirements of N.J.A.C. 5:23-2.14.
 - 1) For the purposes of applying this requirement, an outdoor combustible maze is an attraction that lacks a roof and is designed to disorient patrons, reduce vision, present barriers, or otherwise impede the flow of traffic and does not consist solely of living rooted plants such as corn

stalks or trees, but includes mazes created from plants that have been cut and attached to an object to support them.

- A. Mazes consisting solely of living, rooted plants, such as corn stalks or trees, may be repaired using cut, replacement plants that are otherwise the same as those of which the maze is created without the need for permit.
- B. No permit shall be required for mazes up to 42 inches in height created of bales of hay or straw.
